Inspiration and Appreciation at the 2018 Awards Night

The 2018 CJCA and PbS Awards Night on August 3 in Minneapolis marked the culmination of another excellent year in juvenile justice work. Opening words from CJCA Executive Director Mike Dempsey and PbS Executive Director Kim Godfrey echoed the inspired feelings shared by attendees as they thanked all for coming. "We love seeing you all," said Godfrey, "and we love celebrating all our successes and feeling the energy from so many dedicated, awesome supporters of PbS and CJCA together in one room."

Seeking Feedback to Revisions on Community Standards

[Read the Revised Standards and Give Feedback \(must be logged in to PbS site\)](#)

Committed to continuous improvement, the Performance-based Standards (PbS) Learning Institute convened a panel of national experts and practitioners to review the standards for PbS for Community Residential Programs. PbS held the meeting on Sept. 18-19, 2018 in Boston.

Following the success of PbS to improve conditions of confinement and the quality of life in youth correction, detention and assessment centers, PbS for community residential programs was developed and launched in the spring of 2008. The current model encompasses best practices identified by PbS participants in response to the field's need then for standards and data to hold community providers accountable and promote their continued improvement.

PbS Awarded 2018 OJJDP Reentry Grant

This September, PbS was selected as the recipient of the Office of Juvenile Justice and Delinquency Prevention's (OJJDP) 2018 grant for Improving Juvenile Reentry Programs' Data Collection, Analysis, and Reporting. The 2018 grant is designed to increase the capacity to collect, analyze and report reentry data as identified by two previous OJJDP projects: The Initiative to Develop Juvenile Reentry Measurement Standards, awarded to PbS, and the Juvenile Justice Model Data Project, awarded to the National Center for Juvenile Justice (NCJJ). Long-time partners PbS and NCJJ have joined together to use both organizations' expertise and experience to lead the new project to provide training and technical assistance to increase the capacity of state and local agencies and reentry programs to collect, analyze and report reentry data.
